

# **Timber Creek Homeowners Association**

## **Exterior Paint Color Guidelines**

All exterior paint colors (body, trim, accent and stain) require prior approval by the Architectural Review Committee (ARC) under the following conditions:

- New construction,
- Repainting an existing home with colors other than any of the existing exterior colors.

Repainting of the exterior using existing color scheme does not require approval by the ARC.

### **Body Color Guidelines**

- Muted “earth-tone” colors compatible with the natural context (see suggestions below).
- No pastels or bright colors. (The closer to any of the primary or secondary colors, the less likely the color will be approved.)
- Satin, Eggshell, Flat or Matte sheen only. No gloss or semi-gloss.

### **Trim and Accent Color Guidelines**

- Somewhat brighter colors may be used for trim and accent.
- From a long distance, trim and accent colors must provide discernable contrast with the body color.
- Accent color is not required, but must be approved if accents are to be used.

### **Example Colors**

While owners are not restricted to the colors below, the following color combinations provide examples of those desirable for the Timber Creek neighborhood. (SW=Sherwin Williams, P=PPG)

#### **Body**

Khaki Shade (SW 7533)  
Burlap (SW 6137)  
Tree Branch (SW 7525)  
Carriage Door (SW 7594)
